

Stage 2

Equipment and Description

General Information and Dimensions

Stage 2 is a white room with a parquet floor in dark stained oak. Stage 2 has a width of 9.30 m and a length of 14 m. The height of the light grid in the middle of the room is 4.65 m. A telescopic grandstand offers other stage use for workshops for example. The usable area then is 9.30 x 11.60 m.

With the help of black curtains the room can be transformed into a "black box".

Deliveries are made from the Fürstenhof in the MuseumsQuartier through the foyer without level differences but with a size limit of 1.60 m width and 2.10 m in height.

There are no storage facilities in the theater or the outbuildings.

The FOH is open in the right rear of the auditorium.

Stage

A black and white dance floor is available.

With the "normal" auditorium the stage depth is 5.5 m.

A projection screen or a black velvet curtain can be used as background over the entire width of the stage. Border hangers are available.
